4. It is imperative that the drill be used in a timely manner for the benefit of others waiting to rent it. Upon completion of planting, notify the AWWD office as soon as possible.

 - Do not put string or rope on boxes
 - Do not use fertilizer in the drills or seeder box.
10. Upon completion of use, the no-till drill will be left in good condition, with seed boxes cleaned out. A \$50.00 fee will be assessed for non-compliance.
11. Provide access for inspection, survey, construction, and tours, and grant the watershed district the right to use any information related to this project for educational or promotional purposes.
12. Pay the balance due within 30 days of receiving an invoice.
